

THE BOLD LOOK
OF **KOHLER**.

L U X U R Y D O S S I E R

Kohler® celebrates 150 years of bold moves, creativity, and impact while shaping the next 150 years of its iconic Kohler® brand.

Kohler Co., founded in 1873, has forged a legacy of creating industry-transforming innovations for kitchen and bath spaces, energy resiliency products, luxury hospitality experiences, and major championship golf. Creativity and leading-edge design are the heart and soul of the Kohler brand ethos and mission of gracious living. Kohler's teams of bold creators around the world are the foundation of the iconic Kohler brand, along with consumers and trade communities who bring the company's products to life in creative and artistic ways.

“Bold moves and an entrepreneurial spirit are in our DNA and have deep meaning within our organization – starting with our founder John Michael Kohler who formed our company in Wisconsin together with an immigrant workforce creating new and better lives for their families,” said Chair and CEO David Kohler, the fourth generation of Kohler family leadership, and only the ninth person to lead the company. “As we celebrate our 150 years of achievements, learnings, and growth, we encourage all passionate creators to join our pursuit of continuous improvement in providing gracious living for future generations through better design, innovation, wellness, and sustainability.”

craftsmanship

/ˈkraːf(t)smənʃɪp/

noun

skill in a particular craft.

Art enriches life; the experience of using items that are crafted with care and attention to detail elevates experience; these truths have informed the way in which Kohler® conceives, designs and creates products.

The collection in this book reflects Kohler's intrinsic detailing to adorn the ambiance with bold luxury. Walk through enchanting work of gifted artisans, where bold design meets exquisite craftsmanship.

On the Cover

Etched in natural stone, Quila is a vibrant marriage of strength and beauty, Eastern motifs and Western artistic techniques. The sensuous curves of smooth carved stone reveal a patchwork of Japanese sashiko kimono patterns depicting organic elements such as waves, mountains, and bamboo.

The etched patterns are brought to life using a champagne-gold metallic finish. This labor-intensive handcrafted process, wrought on natural stone, makes each Quila sink unique - and a stunning statement piece for the bath.

Intricate Beauty for the Bathroom

Functional works of art, Artist Editions decorative products go beyond beautiful design. Handcrafted from the finest materials to be one of a kind, these products are as individual as you are. For the homeowner with an artistic sensibility, these decorative products let you create a space that is truly your own.

Balancing artistry and craftsmanship with utility, Artist Editions products invite you to celebrate beauty and creativity each day.

Handcrafted from the finest materials to be one of a kind, these products are as individual as you are. For the homeowner with an artistic sensibility, decorative products let you create a space that is truly your own.

Marble

Carrara and Biancone marbles carry with them a sense of ancient architectural grandeur and exquisite artistry. We begin by hand-selecting quarried marble with a rich, subtle character that will come to life in the simplicity of our designs. Milled and hand-finished, each sink embodies a unique story of time and place.

Glass

Glass has a versatile, fluid nature that lends itself to artistic expression. Cast, spun, slumped or pressed – our glass sinks are crafted by our own small team of artisans, shaping basins that range from smooth and sculptural to intricate and patterned.

Ceramic

The inherent strength and durability of ceramics make them an ideal material for bathroom sinks. The use of Ceramic Ink Transfer technique achieves a high level of detailing and finish not possible with hand painting. With detailed precision, each pattern is hand-applied before the fixtures are fired to perfection in our custom kilns.

Metallic Details

Adorning things we value with precious metals is a tradition long practiced in many cultures. Gold and platinum, in particular, have ornamented fine dinnerware for centuries. We've extended this practice to several Artist Editions designs, layering gold and platinum into complex patterns for an added sense of formality and sophistication. Metallic patterns are hand-applied and kiln-fired for durability.

Subtle Textures

Textured patterns begin with meticulously carved, in most cases hand-chiseled, plaster molds. From these, we create working molds that produce ceramic sink castings ready to be glazed and fired. The use of translucent glaze imparts a unique visual and tactile experience. Color pools deepens where the pattern dips and is softer where the pattern rises.

Quila™

Celebrating the art of Indian storytelling

Designed exclusively for Kohler® by Padma Shari artist Jai Prakash, the limited edition piece of Art 'Quila™' draws inspiration from the miniature styles of Kota (Rajasthan) and Kangra (Pahari) regions. His painting portrays the magnificent Rajput forts through playful activities of the royalty, and visible across the tamed and untamed landscapes are birds and animals enjoying the spring season.

The visual narrative that unfolds captivates the viewer, compelling them to explore the various details depicted by the artist, which are made even more striking by the expressive forms and vibrant colours.

Derring®

Inspired by studio pottery, the Derring® collection celebrates the inherent beauty and authenticity of handcrafted ceramics. Each sink is a one-of-a-kind creation, finished with unique artisanal glazes that produce fascinating surface effects. A hand-carved texture accentuates the subtle tonal variations of the glazes. Featured in neutral hues, this sink can be the centerpiece of your bath, or it can serve as a unifying element that pulls everything else together. This vessel sink offers a recessed, low-profile installation that sits just above your counter.

Shagreen

The Shagreen collection celebrates the subtle coloring and distinctive pebbled texture of natural shark and ray leather. Inspired by oil spot glazes that originated in China during the Song Dynasty, a two-step glaze process uses minerals to create an interplay of shimmery and matte effects. A striking complement to the graceful Carillon® vessel sink, the rich glazed finish shows iridescent pearly tones and a gently granulated texture similar to leather. Each sink's pattern, formed through an organic process, is unique.

Dutchmaster

The Dutchmaster collection captures the movement and lush beauty of flowers, bringing bold artistic photography to the bathroom sink. Kohler® collaborated with “florography” artist, Ashley Woodson Bailey to create this exquisite floral composition. Inspired by Dutchmaster paintings of the 17th century, the glorious pattern is ablom with hellebores, fritillaries, ranunculus and sweet pea, dramatically lit on a dark backdrop in the style of chiaroscuro painting. Rendered on the graceful contours of the Carillon® vessel sink, Dutchmaster stands as a bold statement piece in the bath.

Experience the Luxury of Showering

**We transform
water to transform
you.** While we believe
a shower can be
many things, it should
never be ordinary.
When you step into a
Kohler shower the only
question is where do
you want to go?

RELAX

With deep pulsating massage, transform from sore to serene.

REJUVENATE

With a deep massage and steam, transform from spent to confident.

RESTORE

With a personalized spa and dual temperatures, transform from blah to blissful.

Anthem & Statement

New Launch

To elevate the function of a showering collection to transform a daily routine into a wellness ritual that also accounted for different requirements across regions and countries. The result is the Statement showering collection and Anthem valves and controls—a comprehensive showering platform that can be specified and installed anywhere in the world.

Bathing

A seamless blend of art and technology, Kohler® whirlpools and baths will transform your bathing environment into a luxurious retreat. Durable materials, such as Kohler® cast iron and high-gloss acrylic, form the foundation for ergonomic basin shapes in an array of styles. Relax, rejuvenate and renew with Kohler® whirlpools and baths.

Kohler® Unique Experience

Here's a closer look at the technology systems that drive Kohler® hydrotherapies. Each of these technologies has been developed by our own design and engineering teams to bring you the best options and experiences in hydrotherapy.

WHIRLPOOL JETS

Kohler® whirlpool jets are individually adjustable to target specific areas of your body. Delivering the optimal mix of air and water, they fully adjust the water flow intensity and directional control.

BACKJETS

Available on select models, the bodymassage backjet system, featuring ten Kohler® backjets, loosens tension throughout the back and shoulders and encourages deep breathing. Our backjets fire two by two, targeting the lower back first and moving all the way to the shoulders. In this way, our backjets simulate the natural progression of a hands-on massage.

CHROMATHERAPY

A colour experience designed to enhance bathing, this eight-colour spectrum washes over the body in a repeating one-minute sequence or may be programmed to rest on any one of the colours, to help create a soothing or energizing ambience.

EFFERVESCENCE TECHNOLOGY

A series of ports, optimally located, distributes champagne-like bubbles that comprises of the perfect combination of air and water, allowing them to cling to and caress your skin. The result is a sublime, all-encompassing experience.

KNEADING MASSAGE

Targets important meridians and acupuncture points to deliver a sense of traditional massage therapy.

BUBBLE MASSAGE

Air jets for bubbles to envelop your full body that stimulates release of muscle tension.

Whirlpool

Here's a closer look at the technology systems that drive Kohler® hydrotherapies. Each of these technologies has been developed by our own design and engineering teams to bring you the best options and experiences in hydrotherapy.

PROFLEX

With precise positioning and intensity-adjustable jets that deliver powerful directed massage, Kohler® whirlpools are engineered to maximize the unique benefits of hydrotherapy.

SPA EXPERIENCE

Whether you are in the mood for a soothing relaxation or an invigorating hydromassage, Kohler's breadth of products, features and options will transform your bathroom into a personalized retreat.

THOUGHTFUL DESIGN

Kohler® delivers an extensive array of unique hydrotherapy experiences and styles - antique to contemporary, luxurious to minimalist - that can be customized to suit your experiences.

DISTINCTIVE FEATURES

Streamlined Nozzles: Newly upgraded nozzles, bring safety and comfort to you with its only 3mm height, that you cannot feel it.

Intelligent Cleaning System: The pipes are designed to purge the water completely, preventing residual water and breeding of bacteria. A manual cycle can be activated at the touch of a button to quietly purge residual water from the air channels. An automatic cleaning cycle is activated about 30 minutes after each use. Kohler's strict quality inspections ensure product safety.

IDEAL WHIRLPOOL AIRJETS

With bi-directional air jets and a unique swirling bubble effect, you experience a relaxing massage with the consistent flow of air and water pressure.

FLEXJET TECHNOLOGY

Flexjet whirlpool jets are individually adjustable to target specific areas of your body. They adjust 360-degrees for intensity level and 60-degrees for direction, and deliver the optimal mix of air and water.

DESIGNED FOR HYGIENE

The pipes are positioned and designed to conduct a complete purging of water, preventing residual water and bacteria breeding. Strict quality inspections are conducted on the pipes to ensure usage safety.

INTEGRATED WHIRLPOOLS

Kohler® integrated whirlpools provide bathers ease of use by pre-installing the faucet, bath apron and bath drain before delivery. This saves the bathers time for finding complementing fittings for the whirlpools.

DUAL MASSAGE SYSTEM

In addition to bi-directional air jets, select Kohler® whirlpools also come installed with effervescence air ports.

WATERPROOF REMOTE CONTROL

Select models come with a waterproof remote control which adds further customization and convenience.
