# A SPA EXPERIENCE AT HOME

Enveloping you in its warm embrace, steam has been shown to offer a wide range of both physical and mental benefits, clearing your respiratory system, nourishing your skin, and relaxing your mind and body.

## HEALTHY SKIN

The heat generated from a steam shower will help you sweat, which naturally pushes out dirt and toxins to clean your pores.

## BREATHE EASY

Breathing in the warm mist of a steam shower has been shown to open up nasal passages and can help alleviate respiratory congestion and sinus inflammation.

## RELAXED MUSCLES

The heat from the steam helps to dilate your blood vessels, increasing blood circulation. More blood flow means more oxygen for your muscles, which helps them to relax and may soothe minor aches and pains.

## STRESS RELIEF

There are few things more relaxing than being enveloped in the warm, soothing mist of a steam shower. It's the perfect way to start your day or unwind from the daily grind.

# CUSTOMIZE YOUR EXPERIENCE

From basic to extravagant, from manual to digital, the Invigoration™ Series can turn every showering experience into a personal spa-like retreat. The series can also pair with the Kohler® DTV+™ digital showering system. A digital shower gives you greater customization of your experience, and you can control every aspect with the touch of a button.

The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your faucet safe.

- Use a soft, dampened sponge or cloth to clean. Never use abrasive material like a bristle brush or scouring pad.
- Clean hardware surfaces once a week with water and soft cloth. Do not use cleaners containing chloride. If used, rinse the surface immediately to prevent corrosion.
